

## Pupil Premium 2020-21

### Aim-

**At Westlea Primary ‘We learn together to achieve success for all.’**

**This is the focus of our Pupil Premium spending.**

**We ensure that the teaching and learning meets the needs of all of our pupils. We make appropriate provision for all groups of pupils so that they can maximize their potential.**

Our key objective in using Pupil Premium funding is to narrow the gap between pupil groups. As a school we have a good track record of ensuring that pupils make good progress but historically the levels of attainment have been lower for FSM/PP children- this is also a national trend. Through targeted interventions we are working to eliminate barriers to learning and progress. For children who start school with low attainment on entry, our aim is to ensure that they make accelerated progress in order to reach age related expectations and above as they move through school.

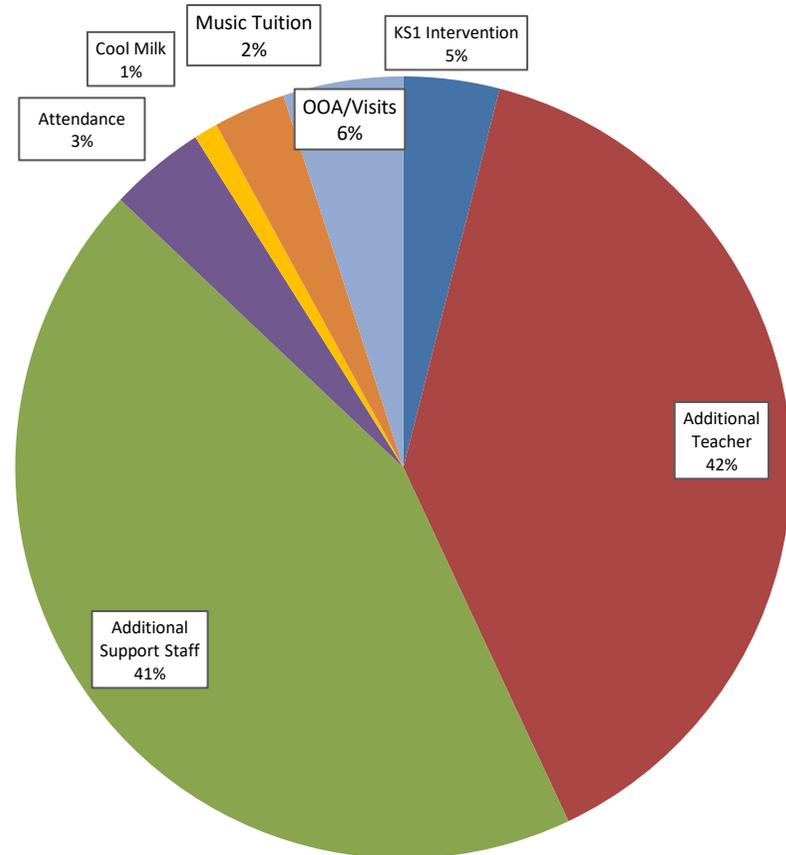

Our priorities and the associated spending are listed below, however as well as this each class teacher takes responsibility for the Pupil Premium children in their class and complete an individual Pupil Premium record sheet as well as an Intervention timetable, outlining the steps that have been taken and resulting impact. These feed into the termly Intervention meetings with senior leaders, where progress and the narrowing of gaps are discussed.

Senior Leaders also monitor the attendance of Pupil Premium pupils and work closely with the local Attendance Team to overcome any barriers to learning, with an Action Plan being in place and TAF meetings set up where necessary.

We have a Pupil Premium Steering Group in school, made up of staff and Governors and these meet regularly to oversee the progress of the priorities that have been set, making any necessary changes. In order to assess the quality of this work we have had an external Pupil Premium audit.
