

Westlea Primary School

Policy- Teaching For Learning.

Updated- 2021/22

Review due- 2024-25

Headteacher: Mrs D.Hughes

Chair of Governors: Mrs A. Clarke

We believe this policy relates to the following legislation:

- Education Act 1996
- Education Act 1997
- Standards and Framework Act 1998
- Education Act 2002

We believe we provide all staff with a framework for the highest quality teaching and learning in order to inspire all children to learn and achieve to the best of their ability. Through high quality teaching and learning, we will support pupils in developing the knowledge, understanding and skills that will enable them to fulfil their intellectual and personal potential and thereby help to prepare them to make a mature and critical contribution to society as an adult.

(Article 28 – the right to learn and to go to school)

We believe that the following key statements define high quality teaching:

- To set high expectations for all pupils.
- To talk regularly with learners about their learning and to listen to them.
- To ensure pupils know the learning objectives of all lessons and to know if they have achieved that objective.
- To be knowledgeable about what we are teaching.
- To reflect on our practice and challenge our own thinking.
- To ensure that we have a clear picture of our pupils' knowledge, skills and their level of understanding.
- To organise our classroom activities to encourage children to become successful learners through understanding how they learn.
- To deliver interesting, purposeful and exciting lessons with speed and challenge.
- To link lessons to real life situations and problems and with other subjects.
- To use open ended questioning techniques.
- To meet the needs of all learners by using different teaching strategies.
- To use paired learning opportunities.
- To formally and informally assess the attainment of our pupils.
- To use the outside environment as learning opportunities as much as possible.
- To use IT to support and develop learning.

We believe quality learning is reflected in the outcomes of the education experienced by the children and this is evident in their response, attainment and progress.

We believe high quality learning is achieved when pupils are:

- enthusiastic, attentive, responsive and on task;
- aware of classroom and school rules and abide by them;
- talking confidently and ask appropriate questions;
- confident in asking for help and support;
- aware of their achievements and what they need to do in order to improve;
- producing good quality work;
- knowledgeable about their learning;
- independent learners and stay on task;

- confident in helping others to learn

We are committed to providing challenge for all learners in order to enable them to succeed and reach the highest level of personal and academic achievement possible. Pupils will achieve this if we allow them to learn in a variety of ways, with differentiated activities, with pupils learning at different rates and who have different interests and abilities.

We want to develop an awareness and belief that all learners have the right to be challenged. We want to develop children to be resilient and excited learners who understand the need for challenge to progress. We want to develop a curriculum that provides effective challenge and a learning environment where children are encouraged to take risks and work hard to succeed.

We believe the learning environment makes a significant contribution to the quality of education provided. Therefore, we have created a learning environment that has been adapted from the Accelerated Learning in the Primary School approach in which:

- space is used effectively;
- layout accommodates movement;
- resources are clearly labelled and accessible;
- display reflects current learning and is changed regularly;
- the environment offers challenge and opportunity for further learning;
- the needs of the children are catered for;
- resources are well maintained;
- children are encouraged to be creative independent learners and thinkers

We wish to work closely with the School Council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We aim to be judged at least good in all school inspections by ensuring that standards for all pupils are higher than schools of a similar size and that standards continue to improve faster than the national trend.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.

Aims

- To maximize children's learning potential.
- To promote high quality effective teaching.

- To achieve high quality learning.
- To develop an effective learning environment.
- To recognise and celebrate achievement, attainment and effort.
- To foster creativity, enthusiasm, enjoyment, motivation, independence and co-operation.
- To stimulate a desire for lifelong learning.
- To work with other schools and the local authority in order to share good practice in order to improve this policy.

Responsibility for the Policy and Procedure

Role of the Governing Body

The Governing Body has:
